

May 16, 1975

that it would be eliminate the possibility of these units being used in this area?

SENATOR MAHONEY: I think to be....I don't believe that it would be any higher, but it would be at least with the state and if it was necessary that they be more stringent, it could be done. But usually it works out so the state and the municipal try to hold about the same standards when it comes to the codes.

PRESIDENT: Senator Dickinson.

SENATOR DICKINSON: I guess I have another question of Senator Burbach. Senator Burbach, does this apply...you know we hear trailer houses, mobile homes, modular housing manufacturing and what does this include?

SENATOR BURBACH: Mobile homes. This could be the double wides and those that are on wheels. But it does not include the....

SENATOR DICKINSON: It does not include manufactured housing?

SENATOR BURBACH: No it does not include this. That is another bill LB248 and it will not be heard this year.

PRESIDENT: Senator Mahoney do you want to close? Senator Kelly are you ready now?

SENATOR KELLY: Mr. President, members of the Legislature, this amendment is one that I have been aware of and one that I would support on the basis that it is fully intended 'hat the Department of Health is going to adopt the National Standards. To everybody's understanding connected in the mobile home industry and the field of organized labor that the building codes and the national standards are always equal. The object of this amendment is to see that that takes place so that the state department of health is not usurping the local codes, in other words taking over for the City of Omaha or the City of Grand Island or vice versa, the City of Grand Island or the City of Omaha is not taking over in place of the state. This is what is intended to be accomplished by this amendment.

PRESIDENT: A the question is the adoption of Senator Mahoney's amendment to Senator Burbach's bill. Record. Have you voted? Please vote promptly. Record.

CLERK: 26 ayes, 2 nays.

PRESIDENT: The amendment is adopted. Senator Burbach, do you want to move the bill.

SENATOR BURBACH: I move the bill be advanced to E & R Initial.

PRESIDENT: The question is shall the bill be advanced to E & R Initial record your vote.
